

The ALBUS LED Bulb series is exactly what you need for those incandescent light bulbs that will be phased out in 2014 (Malaysia). More power-efficient than compact fluorescent bulbs and longer lasting, the ALBUS LED Bulb is definitely the choice long-term replacement product for your daily bulb lighting needs.

LED Bulb

Input Voltage : 90 ~ 250 VAC

Input Power : 4.2W

Beam Angle : 120°

Lifespan : > 35000 Hours

Product Material : Aluminium & Crystal Glass

Base : E27 / E26

IP Protection : IP 20

Color : Warm / Pure / Cool

Certificate : CUL / UL / CE / GS / RoHS

LED Bulb (Mid Range)

Input Voltage : 90 ~ 250 VAC

Input Power : 6.5W

Beam Angle : 120°

Lifespan : > 35000 Hours

Product Material : Aluminium & Crystal Glass

Base : E27 / E26

IP Protection : IP 20

Color : Warm / Pure / Cool

Certificate : CUL / UL / CE / GS / RoHS

LED Bulb (High Range)

Input Voltage : 90 ~ 250 VAC

Input Power : 7.8W

Beam Angle : 120°

Lifespan : > 35000 Hours

Product Material : Aluminium & Crystal Glass

Base : E27 / E26

IP Protection : IP 20

Color : Warm / Pure / Cool

Certificate : CUL / UL / CE / GS / RoHS
